# MUHAMMAD AQIB ALI

*Full-Stack Web Developer & AI/ML Engineer*

m.aqibali2005@gmail.com | 0321-9052144 | Gujranwala, Pakistan | linkedin.com/in/muhammad-aqib-ali-0b95 | github.com/muhammadaqibali

## PROFESSIONAL SUMMARY

Computer Science student with hands-on experience in Full-Stack Web Development (React.js, PHP Laravel, REST-FUL API) and AI/ML Engineering. Proficient in building production-grade SaaS platforms, RESTful APIs, real-time systems, and intelligent applications using state-of-the-art deep learning, and Generative AI techniques. Experienced with Groq, Gemini, and Hugging Face APIs. Strong foundation in cybersecurity, blockchain, and scalable software architecture.

## EDUCATION

**Bachelor of Computer Science** | *University of Engineering & Technology (UET), Lahore* Sep 2023 – Present
*CGPA: 3.7 / 4.0*

**Intermediate in Pre-Engineering** | *Punjab Group of Colleges, Gujranwala* Aug 2021 – May 2023
*Grade: A*

**Matriculation in Biology** | *Allied School, People Colony Campus, Gujranwala* Sep 2019 – May 2021
*Grade: A*

## TECHNICAL SKILLS

| | |
|---|---|
| **Frontend** | React.js, JavaScript (ES6+), HTML5, CSS3, Bootstrap, Tailwind CSS, C# |
| **Backend** | Node.js, Express.js, PHP Laravel, FastAPI (Python), REST API Design |
| **AI / ML** | TensorFlow, Keras, PyTorch, Scikit-learn,ANN, CNNs, Transformers (BERT), Transfer Learning (ResNet50), Prompt Engineering, RAG |
| **AI APIs** | Groq API, Gemini API, Hugging Face Transformers & Inference API, OpenAI-compatible endpoints, Whisper (ASR), TTS, Voice Recognition |
| **Data Science** | NumPy, Pandas, Matplotlib, SMOTE, Data Augmentation |
| **Databases** | MySQL, MongoDB, SQL Server, Oracle, Firebase |
| **Cybersecurity** | Network Security, Penetration Testing (Kali Linux), Cryptography, TCP/IP, DNS, Routing Protocols |
| **Blockchain / Web3** | Ethereum Smart Contracts, Solidity, Web3 Integration, Blockchain-inspired logging |
| **Deployment & Tools** | Git/GitHub, Docker, VS Code, Postman, Google Colab, Hugging Face Spaces, Gradio, Streamlit, Nginx, Linux |
| **Architecture** | SaaS, MVC, REST, Microservices basics |
| **Languages** | JavaScript, PHP, Python, C++, C# |

## PROJECTS

**SaaS Grean heaven Platform** | *Laravel, React.js, MySQL, REST API* 2026

Architected a multi-tenant platform with role-based access control (Admin, seller, Gardener, buyer) using Laravel backend and React.js dynamic frontend.

- Implemented RESTFUL api for backend
- A platefrom for Gardener that can get job , can sell plants.
- User can purchase the plants , hire the gardener. Can chat with Gardener.

**Virtual Try-On System** | *FastAPI, React.js, Python, Deep Learning, Computer Vision (Freelance)* 2024

- Developed a virtual try-on application using pose estimation and image warping techniques (HR-VITON model) to overlay garments on user photos.
- Built React.js frontend with image upload, real-time preview, and download; FastAPI backend with secure S3-compatible file storage.
- Optimized inference time by 40% through model quantization and batching; API response under 2 seconds via async tasks and Redis caching.

**Voice Emotion Detection System** | *Python, Whisper, CNN, TensorFlow, Gradio* 2024

- Built an end-to-end pipeline transcribing speech with OpenAI Whisper and classifying emotions (happy, sad, angry, neutral) via CNN trained on RAVDESS dataset.
- Achieved 91% classification accuracy through data augmentation (pitch shifting, time stretching) and dropout regularization.
- Deployed as interactive Gradio web app on Hugging Face Spaces with real-time audio recording support.

**UI Code Generator (Design to Code)** | *Gradio, Gemini Vision API, Python* 2024

- Built a tool accepting UI screenshots/Figma exports and generating production-ready HTML/CSS/JS code using Gemini Vision API.
- Gradio frontend with drag-and-drop image upload, syntax-highlighted code preview, and one-click copy/download; FastAPI backend handles image preprocessing and prompt construction.

**AI Career Advisor Chatbot** | *Python, Groq API, LLaMA3, Gradio, Prompt Engineering* 2024

- Built a conversational AI career advisor leveraging LLaMA3 via Groq API for ultra-fast inference, guiding users on career paths, skill gaps, and job search strategies.
- Engineered multi-turn prompt templates with role-based system prompts; deployed on Hugging Face Spaces.

**Vehicular Trustworthiness Evaluation System** | *Python, ML, Blockchain Concepts* 2023

- Designed an ML-based trust scoring system for vehicular networks classifying nodes as trustworthy/malicious using Random Forest and gradient-boosted models.
- Incorporated blockchain-inspired immutable logging for audit trails of trust score updates.

**Gradio AI Web Interface Suite** | *Python, Gradio, Hugging Face Spaces* 2024

- Developed and deployed 5+ AI web interfaces on Hugging Face Spaces covering voice emotion detection, text summarization, chatbots, and image generation demos with production-grade shared state, queuing, and authentication.

## FREELANCE EXPERIENCE

**Freelance Full-Stack Developer** | *Independent Contractor — Remote* 2023 – Present

- Delivered web development projects for international clients including AI-integrated tools, custom dashboards.
- Maintained consistent 5-star client satisfaction through clear communication and on-time delivery.

## CERTIFICATIONS

**Generative AI Application Developer** | *PakAngles* Jun 2025 – Jul 2025

**Microsoft Office Specialist (MOS) Certified** | May 2023 – Aug 2023

## EXTRA-CURRICULAR ACTIVITIES & COMMUNITY

**CS Department Ambassador & Active Member** | *IEEE UET-RCET Chapter* Sep 2023 – Present

*Represent the Computer Science department at IEEE events, promoting AI/ML research and technical workshops.*

**International Member** | *ACM UET Chapter* Sep 2025 – Present
*Contribute to organizing AI/tech seminars and knowledge-sharing sessions within the ACM community.*

**Lead Organizer — HCI Summer School** | *ACM-Funded Event, Gujranwala* Feb 2023 – May 2023
*Co-organized the first ACM-funded HCI Summer School in Gujranwala; coordinated speakers and logistics for 100+ attendees.*

## LANGUAGES

**English:** Professional Working Proficiency **Urdu:** Native / Bilingual Proficiency
